Notes

Edley was very busy with his magnet near the wooden play house! climbing rope. I asked what he was doing and he said, "This magnet is sticking to this rope. I am sure it has metal in it because magnets only stick to metal!" I asked why the magnet was sticking to the wooden frame and he said, "It's the metal rods it's sticking to not the wood!"

Early Years Foundation Stage

Communication and Language

Understanding

ELG No Refinement

✓ Children follow instructions involving several ideas or actions. They answer 'how' and 'why' questions about their experiences and in response to stories or events.

Expressive Arts and Design

Exploring and using media and materials

ELG No Refinement

✓ Children develop their own ideas through selecting and using materials and working on processes that interest them. Through their explorations they find out and make decisions about how media and materials can be combined and changed.
