

YEAR 3 SCIENCE VOCABULARY

method	measurement	volume
weight	equipment	recording
conclusion	evidence	prediction
fair testing	Soil	Clay
petal	pollen	stem
root	food chain	leaf
oxygen	carbon dioxide	atmosphere
limestone	granite	chalk
temperature	sandstone	particle
non-metals	gas	weathering
rock cycle	sedimentary	mineral
formation	metamorphic	lava
marble	slate	igneous
limestone	chalk	fossil
resistance	springs	Newton
stretch	compress	check
repel	attract	rotate
revolve	sundial	year
month	position	charge
flow	light source	shadow
sand	Sun	force
North Pole	South Pole	attract
magnet	skeleton	skull
thigh bone	muscles	ribs
spine	hip bone	arm bone
contract	relax
