Parent Survey Results 2022

Lent Rise School Parent Survey Results 2022

Each year we ask parents to complete a short survey about their experience at Lent Rise. The survey includes some questions similar to those Ofsted ask to help keep schools on track, but it is also a way of us finding out more about the needs and aspirations of the school community.

Over the years the survey has prompted many changes, such as provision of hot school meals, breakfast and afterschool club, changes to homework policy and school entry arrangements. We've published some of the headlines of the survey here, there will be more information on our website once the full analysis is complete but I wanted to take this opportunity to thank parents for their comments, particularly those in support of staff and the hard work they have put in this year.

The feedback was very positive and makes all the difference to staff who have had a challenging year. Where the survey has identified challenges and opportunities for improvement we will be working with parents, children and staff over the next 12 months to move forward and build on our strengths.

In total **199** parents responded.

Some parents have skipped some of the questions so the total number of responses varies question to question.
